SECURING JURY IN HAYWOOD CASE

All Sorts of Conveyances Employed By Officers

Proceeding With the Jury in Case Against Mayor Schmitz of San Francisco.

MAN WHO WRECKED BIG BANK

Boise, Idaho, May 23.—By the use of train, stage and horse and some active hustling Sheriff Hodgkin and his deputies managed to round up a majority of the 50 men included in the special venire issued in the Steunenberg murder case.

Both sides are still hoping that the jury will be filled and sworn in by Monday and that the first testimony will be given by next Tuesday. It is not thought that another venire will be necessary.

The Schmitz Trial.

San Francisco, Cal., May 23.—The trial of Mayor Schmitz upon a charge of extortion was begun with the drawing of jurors for the panel that is to hear the evidence. Yesterday afternoon the list of the remaining names being practically exhausted Judge Dunne issued a new venire of 20. The trial will probably last six weeks.

Bank Teller on Trial.

Pittsburg, Pa., May 23.—Thomas W. Harvey, former paying teller of the Enterprise National bank of Allegheny, which failed two years ago for over \$1,000,000, was placed on trial in the United States district court. Harvey had been indicted on charges of making false entries, abstracting funds, misapplication of funds and aiding and abetting T. Lee Clark, cashier, in misapplication of funds, who subsequently committed suicide. Edward P. McMillan, interest bookkeeper of the defunct institution, pleaded guilty to the charge against him.

MANSFIELD IN LONDON; NEAR DEATH ON OCEAN

London, May 23.—Richard Mansfield, the American actor, arrived on the steamer Minneapolis today from New York. He was in his doctor's hands throughout the entire passage and at one time his life was despaired of. A London physician was summoned by wireless telegraph to meet the steamer at Tilbury, where Mansfield was carried to the train for London. He recovered during the run sufficiently to walk, with assistance, from the train to a carriage, in which he was driven to the Savoy hotel.

ATTORNEY C. C. GRASSHAM FELL AND HURT HIS ARM

Attorney C. C. Grassham is at his home today suffering from a badly swollen arm from an injury he received in a fall at the hotel in Henderson yesterday. Mr. Grassham was walking across the hotel lobby when he slipped on an apple peeling and fell on his elbow. Thinking it only a severe bruise, and having to catch a train he did not see a doctor. On examination today the doctor cannot tell whether the arm is broken.

UNDERWOOD RECOVERS PARTIALLY FROM FALL

James Underwood, who was injured by a falling piece of timber at the old iron furnace on South Third street yesterday morning, regained consciousness today and will recover. He will be incapacitated for work for a few weeks.

Several Warrants Issued.
The following warrants were issued this morning by Police Judge D. A. Cross: John Griffin, colored, breach of ordinance; Robert White, colored, using obscene language; Thomas Davis, colored, beating Lizzie Vinegar; Louis Goodridge, Clara Maxey and Lee Smith, breach of ordinance.

Little Girl Breaks Arm.
Little Miss Gladys Gilliam, 12 years old, niece of Mrs. L. A. Albritton, of Twenty-third street and Broadway, fell while running this morning and broke her right arm between the wrist and elbow. The fracture was reduced by Dr. Johnston Bass.

WEATHER FORECAST.

FAIR.

Generally fair tonight and Friday. Highest temperature yesterday, 87; lowest today, 60.

HOTEL FIRE.

Utica, N. Y., May 23.—A lighted cigarette tossed into the basement of the Metropolitan hotel through an elevator shaft, caused a blaze in the hotel this morning which cost the lives of two, and imperiled 50 guests, who slid down the ropes to safety or were rescued by firemen. Annie Sullivan, a chamber maid, and George James, a guest, were burned to death.

CHICAGO STRIKE.

Chicago, May 23.—Refusal of demands for advance in wages to street car employees was given in an ultimatum by the Chicago City railway today. President Mitten denied the request of employees in every particular. A strike may result.

TELEGRAPHERS.

New York, May 23.—The threatened strike of the telegraphers has been averted. It was announced today that peace negotiations had progressed so far that an amicable agreement, adjusting all differences, will be reached within a day or two.

SLAYS FRIEND.

Louisville, May 23.—Dispute over a small sum of money caused Jefferson Ralston to shoot and kill his life-long friend, Joseph Shawder, today. The men lived on adjoining farms near Louisville. Shawder was advancing on Ralston with an ax, when Ralston shot him through the breast.

BUSINESS HURT.

Evansville, Ind., May 23.—Indications are that a settlement of the street car men's strike will be secured. Business is paralyzed by the strike. Business men are using every effort to induce the company to make concessions to the men. Cars are running today without passengers.

PASSENGER WRECK.

Litchfield, Ill., May 23.—A Wabash passenger train was wrecked near here this morning. All wires were torn down by the plunging engine. It is reported several passengers are badly hurt.

MAYORALTY BILL.

Albany, N. Y., May 23.—Gov. Hughes sent an emergency message to the senate today, calling for the passage of the New York City mayorality recount bill, and recommending the legislature to postpone final adjournment until the bill becomes a law.

WELL ARMED.

Bridgeport, Ill., May 23.—The postoffice and two hardware stores were burglarized here last night. In the postoffice several hundred dollars worth of stamps and some money were secured. At one store 20 guns and 10 knives were taken. At the other 30 guns and \$25 were secured. Bloodhounds are on the trail.

GRAIN MARKET.

Cincinnati, May 23.—Wheat, \$1.00; corn, 59; oats, 47½.

IN A TRANCE.

Des Moines, May 23.—The jaws of Miss Prudence Vangilder, the music teacher who went into a trance April 26, during revival services, are so firmly set it has become necessary to remove her teeth to give her nourishment. At intervals she opens her eyes and communicates with friends by signs.

FATHER CHARGED BY HIS DAUGHTER

Mayfield Man Arrested For Most Revolting Crime

Husband of Young Woman Is Said To Have Left Her Because of Father's Conduct.

WAS IN TROUBLE IN PADU

Mayfield, Ky., May 23.—(Special)—H. B. Cobb, formerly a book agent, who got into trouble in Paducah two years ago, was arrested today on charges of the most revolting character, preferred by his daughter, Mrs. Edna Brady, a pretty girl only 16 years old. The girl has been married only a few months and her husband left her, on account of her father's conduct, it is intimated. Cobb came here about three years ago from Tennessee. He has no regular employment.

JUNE IS TIME SUGGESTED FOR SCHOOL HOUSE BIDS

Plans and specifications for two new school buildings have been completed and will be submitted to the school board at a special meeting to be held tonight. It is the idea of Trustee B. T. Davis, a contractor himself, that June 1 is ample time to get in bids, and that a second called meeting can be held to open them, and award the contract. By judicious handling of the different classes of work, he believes the buildings can be made ready for occupancy by September.

PATROLMAN ORR KILLS MAD DOG THIS MORNING

Patrolmen Jack Sanders and William Orr, of the depot beat, were called to the residence of Mrs. C. Berger, Twelfth and Norton streets, this morning shortly after 8 o'clock to kill a mad dog. The dog had been kept tied, being rather vicious at times, and this morning showed signs of hydrophobia. It became worse and snapped at every one that came near. Froth covered its muzzle, and it was killed with one shot from Patrolman Orr's pistol.

THESE WILL ATTEND THE CONFEDERATE REUNION

Among those who will attend the Confederate Veterans' reunion at Richmond, Va., are: Captain and Mrs. James Koger, Colonel Joe Potter, James Melton, Mr. and Mrs. B. H. Scott, Mr. J. C. Gish and Mr. Fontenry, of the county. They will leave on the morning of the 28.

Council Meets Tonight.

Mayor Yeiser has called the board of councilmen together tonight at 7:15 o'clock to pass several street improvement ordinances so that time may be saved in pushing them through. The ordinances have to lay over two weeks before the aldermanic board can take them up, and if he waited until the regular council meeting, it would mean a delay of four weeks, and he wishes to get the work started early in the summer.

Collins' Brother Swears Out Warrant For Arrest of Private Policeman Holt

FIREMAN COTHRAN DIES AT HOSPITAL

Fireman Cothern, of Fire company, No. 2, died this afternoon at Riverside hospital, following an operation for appendicitis. His wife and four children were at his bedside. He was 35 years old and a native of Livingston county. He was one of the most popular men in the department. He had lived in Paducah about four years. His brother is postmaster at Smithland.

Five More Indictments.

Denver, May 23.—The federal grand jury today reported five more indictments in land fraud cases the names being suppressed. All indicted are Colorado men.

MAY HAVE RACES EVERY TWO WEEKS

The first meet of the Matinee club is being held at the fair grounds this afternoon under most favorable conditions. Mr. George Goodman, one of the active promoters, said today:

"We hope our enterprise will be appreciated with a large patronage. We feel that lovers of horse flesh in Paducah are plentiful, as was manifested in the attendance at the horse show. We hope to give these races every two weeks throughout the summer, and if we receive the patronage deserved, it will mean much towards promoting the breeding of fine horses in western Kentucky."

FAIRBANKS MAY COME THIS WAY

His Itinerary is Not Known in Chattanooga, But River Men Believe Vice-President Will Go on to Chicago

WILL CORRESPOND FURTHER.

Whether or not Vice-President Fairbanks will visit Paducah June 5, is not yet definitely learned. Mr. John Patten, head of the Chattanooga Packet company, which will take Vice-President Fairbanks a trip on the Tennessee river in the big steamer Chattanooga, informed Secretary Coons of the Commercial club, that the Fairbanks itinerary is unknown there, further than that he will take a "short trip" on the Tennessee, the inference being that the Chattanooga people are particularly interested in directing attention of public officials to the upper Tennessee. River men are of the opinion that the vice-president is contemplating a trip from Chattanooga to Chicago, which may bring him through Paducah. It is probable that some correspondence will be had with Vice-President Fairbanks on the subject.

HARGIS ACQUIT IN MURDER CASE

Lexington, Ky., May 23.—(Special)—A verdict of "not guilty" was returned by the jury in the case of Judge James Hargis, charged with complicity in the assassination of Jim Cockrill, town marshal of Jackson, Breathitt county. The case went to the jury last evening. Jurors Rhodes and Herndon and C. R. Murphy became ill last night but recovered by morning.

Frankfort, Ky., May 23.—The court of appeals today held proper the transfer of the Hargis charged with the murder of Dr. Cox to Sandy Hook, Elliott county, among almost inaccessible mountains.

Dr. I. B. Howell has returned from Louisville, where he attended the Kentucky State Dental association.

UP TO GOVERNOR IS LOUISVILLE

Much Speculation as to His Probable Action

Will He Make Terms With Big City Machine or Ignore It in His Plans?

AFFECTS SENSATIONAL RACE.

Louisville, Ky., May 23.—The decision of the court of appeals at Frankfort declaring the election in this county in 1905 null and void, and throwing out of office all officials except circuit judge and magistrates, brings a new feature into the United States senatorial race, which will make it one of the prettiest political games that Kentucky, with all its politics, has ever seen. Coming on top of a recent decision by the same court, knocking out the legislative reappointment act of the last legislature, the decision possibly adds to the troubles of Gov. J. C. W. Beckham, who last fall won the Democratic endorsement for the senatorship.

While it puts the governor in a position to punish the local Democratic "machine" for its action in opposing him in the senatorship primary last fall, it is predicted that if he attempts this he will seal his own doom.

While the decision gives the governor the appointment of the mayor and the police and county judges, it enables him to control, through them the appointment of some 2,000 officeholders, counting those under them. It places a powerful club in his hands either to hit the local Democratic "machine," or, by treating with it well, to build it up and use it for his own purposes.

The Situation.
It is stated that Gov. Beckham could win the senatorship without this city's aid, relying on the country people alone.

Whether he can do this now, with the new legislative reappointment knocked out, is a question. It is conceded that a return to the old apportionment gives the Republicans at least five more members of the lower house, and they claim that it gives fifteen. Add to this the Louisville delegation, now Democratic, and the senatorship race would be a close even with the votes the same as in the last election, when the Republicans made no fight for the legislature. It is understood that a friends of former Mayor Grainger, who was succeeded by Mayor Barth, are having the law looked up in connection with this; that a mayor is elected for a term of four years, or until his successor is elected and qualified. If the court of appeals holds that there was no election, Mr. Grainger's successor was not elected.

County Attorney Bingham, who is ousted under this decision, is tipped for the mayoralty. He prosecuted the Sunday violators and is considered one of the soundest men in the county. No appointment will be made for 30 days except to the police bench, made vacant by McCann's death.

THREE BOYS BURN IN THEIR HOME

East Point, Ky., May 23.—The residence of the Rev. F. J. Short burned last night while the family was asleep. Two sons, aged seven and nine years, were burned to death. Another son, aged 18, was badly burned and injured internally by jumping from a window. His recovery is doubtful. The Rev. Mr. Short is a well known minister of the Christian church.

MAYFIELD MARSHAL HERE.

Marshal Charles McCall, of Mayfield, is in the city to appear as a witness in Commissioner W. A. Gardner's court against Philip Skinner, colored, charged with bootlegging.

FIRST CONGRESSIONAL DISTRICT KEEPS OFFICE

HON. Mc D. FERGUSON.
Nominated to succeed himself as railroad commissioner.

FERGUSON WINS RE-NOMINATION

Herman W. Southall to be Rate Clerk of Board

How First Congressional District Carried Things At Convention

M'CRACKEN COUNTY FIGURED

Mc D. Ferguson was nominated by the Democrats of the First railroad district to succeed himself as railroad commissioner. Herman W. Southall, representative from Christian county, will be rate clerk to the board at a salary of \$1,800. This was the price of the 64 votes Southall commanded in the convention at Henderson yesterday. The election of Ferguson came shortly after the night session convened at 6 o'clock, and his victory was presaged in the cheer that went up as Ferguson entered the hall, the Christian county delegation leading.

It was the First congressional district all the way through and McCracken county politicians were in the thickest of it.

The counties voted on the break as follows:
For Ferguson—Ballard, 8; Breckinridge, 10; Caloway, 12; Carlisle, 7; Christian, 13; Crittenden, 6; Graves, 25; Grayson, 8; Hardin, 14; Henderson (split), 10; Hickman, 8; Hopkins (split), 7; LaRue, 7; Livingston, 6; Lyon, 4; Marshall, 8; Meade, 6; McLean, 7; McCracken, 14; Muhlenberg, 10; Todd, 8; Trigg, 6; Union, 13; Webster (split), 9. Total, 226.

For Finn—Allen, 7; Barren, 15; Butler, 9; Caldwell, 6; Davies, 24; Edmonson, 4; Hart, 8; Henderson (split), 7; Hopkins (split), 8; Logan, 13; Metcalfe, 5; Monroe, 4; Ohio, 13; Simpson, 8; Warren, 17; Webster (split), 2. Total, 150.

The Inside History.
Here's the inside history of the Henderson convention that nominated Ferguson for railroad commissioner, as told by one who was there with McCracken county's delegation and who played a conspicuous part throughout:

"Before the convention was even organized, two clearly defined forces were at work, of which the first district was one, and the Finn forces the other. Every other candidate realized that he stood no chance and fortunately for us they unhesitatingly fell in behind Ferguson on one point. That was, that Finn must be beaten. This was seen in the organization of the convention, which though apparently harmonious, was actuated by the Finn forces only because they knew that they would be beaten on the start if they opposed. The convention started off completely under control with Ferguson at the head in opposition to Finn, and it never wavered until the end, as proven by the fact that not a single motion on any point was lost by this end of the state. We prepared our organization slate before the convention and from that on up to appointments on committees, motions to adjourn and appeals from rulings by the chair, we never lost a point.

"The problem in this situation was, how to organize this opposition to Finn, in favor of Ferguson. The real heart of the people on the question was evident from the expressions of the delegates of every candidate who said that in a primary Ferguson would have beaten any field. The fact that Ferguson, unlike the other commissioners, did not get a primary, probably accounts for his nomination. The other commissioners handed practically every appointive position over to Ferguson and told him to use them in securing his election. They told him the rate clerk's job, \$1,800; the secretary's job, \$1,500, and even the stenographer's job, \$1,200, were at his disposal. That he used this strength is evident with the agreement to give Southall the first position. The other commissioners realized that

Men and Women Unanimous About It.

Many women weep and wail and refuse to be comforted because their once magnificent tresses have become thin and faded. Many men incline to profanity because the flies bite through the thin thatch on their craniums. It will be good news to the miserable of both sexes, to learn that Newbro's Herpicide has been placed upon the market. This is the new scalp germicide and antiseptic that acts by destroying the germ or microbe that is the underlying cause of all hair destruction. Herpicide is a new preparation, made after a new formula on an entirely new principle. Anyone who has tried it will testify as to its worth. Try it yourself and be convinced. Sold by leading druggists. Two sizes, 50c and \$1.00. Send 10c. In stamps for sample to The Herpicide Co., Detroit, Mich. W. B. McPherson, Special Agent.

To Accommodate Taft.

Washington, May 23.—To accommodate Secretary Taft the date of the assembly of the first Philippine legislature has been fixed for the latter part of October. As announced today, the secretary plans to leave Seattle on the steamship Minnesota early in September. The steamer will touch at Yokohama on the way out and arrive at Hong Kong early in October. The Philippine elections are to take place July 20 and the first assembly must meet within ninety days thereafter.

Cash Talk of The City

Work of Mr. Cash Largely Discussed By the Medical Fraternity—His Visit Here a Favorite Topic of Conversation.

Deafness Apparently Removed in a Few Minutes.

MANY ARE HELPED.

Mr. Cash, who is now introducing his preparations at the McPherson drug store where he expects to be only this week, is probably one of the busiest men in Paducah. Crowds are constantly calling to see him regarding his much-talked of remedies. When interviewed a few moments today and questioned as to the remarkable demonstrations he made in removing deafness in a few minutes, he said: "Some of the work accomplished by my preparations which have so astonished the people and caused much comment, has been done in the past in opera houses and public halls where hundreds have witnessed these demonstrations. Much of the so-called deafness is caused by catarrhal and other conditions for which my preparations afford relief in a very short time. The work as well as a like demonstration in causing rheumatic invalids to walk, has furnished the basis for the reports the leading papers have given of my preparations. The preparations which have brought me greatest success is for the removal of all stomach trouble and the many disorders which follow thereafter. There is a peculiar and not well known cause of much of the stomach troubles extant. My demonstrations here this week will prove my theory. My preparations are guaranteed and can be returned at any time. I personally introduce them to demonstrate their merits to the people." The success of these preparations as reported by all who have used them, show the majority of cases to be among those having stomach troubles, but the medicines seem to be remarkably successful in cases of rheumatism. Mr. Cash claims that the stomach is indirectly responsible for many diseases, prominent among which is rheumatism. The steady throng of visitors to see Mr. Cash at the drug store and the amount of preparations being sold, shows that the interest is very general and many suffering people are seizing the opportunity of seeing him while here. Mr. Cash can only remain in the city this week as he is en route to New Orleans.

HARRIMAN CASE

MAY CONSUME YEAR IN GETTING UNDER WAY.

Proceedings in New York to Compel Him to Testify Are First to Be Had.

Washington, D. C., May 23.—It is not the intention of the interstate commerce commission to await the result of the proceedings to be instituted against E. H. Harriman to compel him to answer certain inquiries that were put to him in the New York investigation, before taking action on the general subject of the investigation.

In the opinion of the members of the commission, it may be a year or even more before a final decision can be reached regarding the efforts of the commission to compel Harriman to answer its questions.

Proceedings to that end will be instituted in the courts of the southern district of New York, the latter part of this month or the first of next. They will be for the purpose of obtaining an order to compel Harriman to respond to the inquiries.

Bound to Go to Highest Court. It is expected that, if the court should issue such an order, Harriman may carry the case to the highest courts and eventually to the supreme court of the United States. Should the lower court's decision be adverse to the commission it is probable it will carry the matter to the higher tribunal, inasmuch as the question involves a right of the commission which it believes it ought to exercise in an untrammelled way.

SAYS HE SAW SOLDIERS KILL.

Witness Tells of Murder By Negro Troops at Brownsville.

Washington, May 23.—Palino S. Preciado, editor of a Mexican newspaper in Brownsville, Texas, and witness to the shooting of Frank Natous, the only man killed in the affair there, was on the stand today before the senate committee on military affairs. According to his story today Mr. Crixell, who conducts a saloon, rushed in excitedly and reported that the "Negroes were out." The doors of Tillman's saloon were immediately closed and barred and Natous, the bartender, started across the court to bar the gate.

Preciado saw five or six negro soldiers in uniform enter the gate. They fired several shots and Natous threw up his arms and fell on his back dead. Preciado was wounded in the hand. The soldiers proceeded down the alley, shooting as they went.

DYNAMITE WRECKS GLASS AROUND OLD IRON FURNACE

Explosions, audible all over the city and far into the country, startled the inhabitants yesterday afternoon. They sounded like the discharge of a 12-inch gun. They were explosions of dynamite charges at the iron furnace at Third and Norton streets, necessary to loosen parts of machinery, and so great was the concussion that window glasses were shattered in nearby residences. Chief of Police James Collins ordered the use of dynamite discontinued. The furnace in the city this week as he is en route to New Orleans.

CHIEFS SIGNED DEED.

Famous Instrument Filed in Court at Toledo, Ohio.

Toledo, O., May 23.—One of the oldest deeds ever filed in Lucas county was recorded here today. The document, old and yellow with age, is in a fair state of preservation. It was transferred from Detroit to this city by Antoinette Knaggs.

The deed is a copy of the original which was given to Whitmore Knaggs by the Ottawa Indians in 1784. The original deed was lost. Thirteen years later this copy was made, sworn to and attested before Peter Audrian, prothonotary, which office is the same as that of probate judge now. The paper covers 4,000 acres on the west side of the Maumee river.

Negie, Tongagask, Shemedack, Missoshouas, Willanassa and Kitchenapagouchegan, leading men and chiefs of the Ottawa tribe, signed the deed, which was given in consideration of great love and affection for

Antoinette Knaggs is a granddaughter of the man to whom the land was given.

HIS ITINERARY

IS BEING CAREFULLY STUDIED BY SECRETARY LOEB.

Invitations From Many Cities Will Have to Be Declined By President.

Washington, May 23.—William Loeb, Jr., secretary to the president, has been at work since the departure of the president on the itinerary for the Mississippi river trip next fall. The pressure on the chief executive to extend his trip has been very great. Up to date the cities of Nashville, Tenn., Chicago, Ill.; Quincy, Ill.; Vicksburg, Miss.; Paducah, Ky., and New Orleans, La., have extended formal invitations, which have been supplemented by personal appeals. The president does not wish to disappoint any community, but he is restrained from accepting all invitations because of the press of public duties which will come in October prior to the opening of the session of the congress.

It is nearly certain that the river trip will start from Keokuk, Ia., instead of at St. Louis on October 1, and that the president will stop and speak at the cities of Keokuk, Ia.; St. Louis, Cairo, Ill., and Memphis, Tenn.

Secretary Coons, of the Commercial club, received the following letter from Secretary Loeb:

"The president thanks you for your letter of the 18th inst. He does not yet know whether it will be possible for him to undertake a trip of the kind referred to. If it is found possible for him to do so, however, the tentative itinerary planned will not permit of his including Paducah. Assuring you that the president appreciates your courtesy and regrets his inability to comply with your kind request."

MAY IRWIN WILL MARRY HER MANAGER ON SUNDAY.

New York, May 23.—Broadway is interested in the announcement today that May Irwin, the actress, is to wed her manager, Kurt Eisefeldt, at Irwin Island, Thousand Islands, N. Y., next Sunday. Miss Irwin and Eisefeldt at present are in New York and will leave for the scene of the wedding on Friday. Miss Irwin, it is said, has been engaged to Eisefeldt, who has been associated with her in a professional capacity for several years, for six months. He is 27 years old and is well known to the Riato.

HUGHES SCORES FULL VICTORY.

His Public Utilities Bill Passed By New York Senate, 41 To 6.

Albany, N. Y., May 23.—The senate this afternoon passed the so-called public utilities bill by a vote of 41 to 6, after the defeat of several amendments proposed by Democratic senators. The bill was sent at once to the assembly for concurrence in the amendments made by the senate Republican caucus. It is expected that the bill will be sent tonight to Mayor McClellan.

HABIT WITH HIM

HENRY CAT JUST CAN'T HELP USING KNIFE ON PEOPLE.

Recently Released From Penitentiary, He Stabs John Given and Makes Escape.

Henry Cat, colored, is wanted by the police for maliciously cutting John Given yesterday near Tenth and Finley streets. Given was stabbed several times, but not very seriously injured. Cat returned but a few weeks ago from the Eddyville penitentiary, where he served a term for killing a man in Paducah at Twelfth and Madison streets, 12 years ago.

With the Dick Fowler absent and no other packets in sight, the wharf presented a holiday loneliness this morning. The Dick Fowler will leave on time next Monday morning, the interval being spent in running excursions out of New Madrid, Mo. The river went down 2.4 in the last 24 hours, making about 7 feet fall in the last three days. The stage May 23 last year was 8.8. Business picked up at the wharf later on in the day. Fine for the river but bad for Paducah, if the river happens to be low when Vice-President Fairbanks makes his trip June 5. If it is low, he will have the most eloquent lesson in the need of improvements, that could be given; as he will not be able to get to Paducah, over the shallow places. We want the river improved, but we want to see the vice-president.

J. B. Fiasch, the energetic business manager of the Marine Engineers' association, has returned from Nashville and Chattanooga. His record this time is 7 new members, 24 applications, and 4 re-instatements. He finds plenty of work wherever he goes, and it can be wagered that the end of his first year's work will show the association in a healthier condition as regards membership, than in any previous year.

The Harvester arrived from the Mississippi river last night and will leave today after cleaning boilers, for Louisville. At Louisville the Harvester will swap tows with the Reaper, which is coming down from Pittsburg. The Reaper will take the empties back to Pittsburg, and the Harvester will come back down stream with the coal. The gasoline boat, Cincy, brought here by the New Era showboat will be towed to Pittsburg by the Harvester.

There are few prettier illuminated sights at night than a steamboat. A broadside view of a lighted steamboat looks like all the electric signs in the city had been bunched artistically.

The Georgia Lee arrived shortly after noon today and remained here several hours attending to business. The trip to Cincinnati was resumed before dark.

The Peters Lee will pass down Saturday from Cincinnati for Memphis.

The City of Savannah arrived yesterday afternoon late from St. Louis and left at 8:30 o'clock for the Tennessee river.

The Ayer-Lord Tie company sent out the Inverness today to Nashville after ties.

The Lydia will leave for the Cumberland river tonight or in the morning, after ties.

The Kentucky will arrive this afternoon or in the morning from the Tennessee river.

The Evansville and Paducah trade was handled by the John Hopkins today.

Captain Billy Smith has been made captain of the towboat Inverness.

Official Forecasts.

The Ohio at Evansville, will continue falling during the next 36 hours. At Mt. Vernon, will continue falling during the next two days. At Paducah and Cairo, will continue falling during the next several days, passing below 32 feet at Cairo today.

The Tennessee from Florence to the mouth, and the Mississippi from below St. Louis to Cairo, will continue falling during the next 36 hours.

The Wabash at Mt. Carmel, no material change next 24 hours.

WINS GENERAL ASSEMBLY.

Columbus, O., May 23.—Following a two hours' exciting debate, which, at times, became acrimonious and verged upon personalities the Presbyterian general assembly today adopted unanimously the resolutions declaring as its policy that the permanent committee on temperance shall not embark upon or interfere in political work and endorsing the Amer-

ican Anti-Saloon League as a "safe, sane and effective organization in the advancement of the great cause of temperance," and pledging to it the fullest co-operation "consistent with the constitution of the church."

MOB RENEWS ATTACK ON JEWS

Black Hundreds in Odessa Riot at Funeral of Police.

Odessa, May 23.—The Black

Hundreds took advantage of the funeral today of the three police officials, assassinated at the central police bureau yesterday, to renew their attacks on the Jews. The whole Jewish population became terror-stricken, all the stores were closed and the streets were almost deserted.

FIFTY YEARS IN PRISON FOR CORPORAL KNOWLES.

San Antonio, Tex., May 23.—The sentence fixed by the court-martial in the case of Corp. E. L. Knowles, of the 25th infantry, recently tried for having assaulted Capt. Edgar A. Macklin, of the same regiment, while

the regiment was stationed at Fort Reno, Okla., in December last, fifty years at hard labor in the penitentiary at Fort Leavenworth, Kan., was today approved by Gen. Albert L. Meyer, commanding the department of Texas. The court found Knowles guilty on two specifications, assault and battery with intent to kill and assault with intent to commit robbery. The sentence named is but two years less than the maximum penalty which could have been assessed.

Exposition of Straw Hats

And the most comprehensive exposition of straw hats ever made in this country. It's a liberal hat education to see our showing of special things in high-class goods shown nowhere else in this city.

Split Braid Yachts

Imported English and Dunstable braids; hand-blocked and bleached by a new process which produces a perfect color; all dimensions from extremes both small and large—\$2.00, \$3.00 up to \$6.00.

Stetson's Special \$5

English split yachts and soft Milan negligee styles. And the name "Stetson" stands for just as much in straw as in other hats.

Panamas \$3.50 Up to \$10.00

We show 10 different styles and dimensions; many of our own creation, in exact reproductions of the best styles in felt hats. All our Panamas are genuine, one-piece goods; hand blocked, and finished by a strictly non-acid bleach which brings out the soft, rich Panama color in its greatest perfection. We sell good Panama hats as low as \$3.50; better grades at \$4, \$5, \$7.50 and \$10; and being importers and wholesalers as well as retailers, we undertake to save a purchaser from \$1 to \$5 on a Panama hat.

With mail orders send 20c extra and hat will be sent by express prepaid to any office in the United States.

Clever Clothes

for

Men and Young Men

WE sometimes wonder if the people realize that it is our taste in selecting the fabrics and in making the garments which makes the men who wear Weille Clothes appear so well. We pass on every detail of workmanship and style correctness before a garment is admitted to our stock. Our customers are thus assured of a selection containing only the best products of the most reliable manufacturers.

Some Special Selling Saturday

A fortunate purchase enables us to do some special selling Saturday. If you are thinking about a new suit, let us show you how far your money will go when invested in some special suit values which will be placed on our counters for Saturday selling. We bought up, from the manufacturers, several lots of fine hand made suits at a great discount, owing to the coldness of this spring weather. The suits come in all sizes, all colors and all fabrics and each suit will be sold Saturday, May 25th, at the same discount which we received.

ELECTION THIEVES.

It is reassuring to our pride of citizenship, it restores confidence in our free institutions, when the highest court in a state puts undisputable facts before party considerations and makes such a sweeping decision, as did the court of appeals of Kentucky yesterday in the Louisville election cases, regardless of the effect of the ruling. In the Louisville case we are confronted, not with graft, but with the "plug ugly", the "hoolligan", the policeman thug, and the repeater in popular registrations and elections. Fraud and forgery in making out returns of the registration and election served more to fasten the guilt on the party, than to aid in accomplishing its wrongful end.

There is little graft in Louisville, or, to state it more accurately, the graft in Louisville is little; but the corruption of the ballot is disgraceful, surpassing possibly the condition in any other city in the union. Some few years ago Louisville policemen were in the federal court charged with intimidation in a federal election, and they escaped, because the prosecution could not prove their motive beyond a reasonable doubt. At the municipal election in 1905, when a mayor, county judge, sheriff, jailer, and a number of other important officers were chosen, the machine in its desperation set about to steal the Democratic primary, and policemen were stationed at all contested precincts, ready to assault and drive out workers for State Senator Laban Phelps, candidate for the mayoralty nomination. At the last moment the senator withdrew.

On registration day administration bullies browbeat Republican officers, and hundreds of illegal registrations were reported. Investigation revealed the fact that some of the ignorant registration clerks took the books home and copied names into them in ink different in color from that used at the registration booth. Respectable citizens went to the polls and found some one had already voted in their names.

On election day the most disgraceful proceedings were recorded. Thieves and toughs from the red light district, acting as officers of election, assaulted and threw into the streets some of Louisville's most highly respected citizens, who had volunteered to work for the Fusion ticket against the city machine, and policemen, waiting outside, arrested these citizens on serious charges. Casual passersby, stopping to inquire the cause of the disorders, were arrested by the drunken policemen on the charge of interfering with officers. The condition became so bad that some of the policemen were called off duty. In one precinct an enraged Republican sheriff defended

himself with a gun against Democratic workers and wounded one fellow, who turned out to be "Dago Gentle", a notorious crook, supposed to have been wanted by the Louisville police. "Dago" "escaped" from the city hospital when he recovered.

Ballot boxes in many precincts were taken from the polls and the voting carried on in the rear of saloons, to which places Democratic voters were directed, while the Fusionists continued to wait at the regular voting places. When a receiver for the election paraphernalia was appointed and the boxes were gathered in from their hiding places, the indications of fraud were so apparent as to be ridiculous in some instances.

In one precinct in the Twelfth ward, presided over by Frank Drewry, brother to the renowned Senator Tommie Drewry, the poll books showed that every man in the precinct had voted, 93 of them, in alphabetical order. Even the party organs could not countenance the disclosures and the politicians were compelled to depend on a bold front to sustain their position.

When the Jefferson county courts decided that, though there was fraud in some precincts, the election must stand, good citizens inspired by the Louisville Post, which inaugurated and promoted the Fusion movement, raised \$10,000 to prosecute the election case through the court of appeals, and lawyers whose services were almost donated, carried the case up and finally won.

The result is not limited to the notification of the "Nigger Ryans," "Dago Gentiles," "Rabbit Burkes" and the other thieves of Louisville that can not run politics in that city, but it is a victory for purity of the ballot everywhere, and it rests now with the governor to appoint men to the city offices, who will hold the police in check next fall and give all citizens a chance to be heard through the ballot.

The court of appeals has made two decisions recently that put Kentucky on a higher moral plane than that occupied by some other states: the warning the state machine received to restrain the instinct for political Gerry-mandering, and the harsh rebuke to the Louisville machine to stop the alliance between the police and criminals. Those newspapers and those lawyers and citizens, who gave their space and time, brains and money to the cause of election purification deserve high places in the court of good citizenship.

The Sun's tip was good all the way through the Democratic railroad commissioner convention. It was Finn against a strong combination, and McCracken county politicians proved their astuteness in the emergency. They engineered the Ferguson movement from the start.

District Attorney Jerome, of New York, is undertaking an investigation in the misuse and abuse of the detective department of the metropolis, that should have a great moral effect. Of late years it has been the custom of the idle rich of the country when they wish to get rid of their domestic relations, to employ detectives to scour the country in search of evidence on which to ground suit for divorce. Naturally the turning of a detective department in to a scandal bureau has opened a new avenue of graft and incited some officers to earn their reward with doctored evidence, on the one hand, or to levy blackmail, on the other. The effect of such a practice is debilitating to public morals. The nasty disclosures and hints given out in the foreshadowed reports of these detectives is nauseating. It would be gratifying if the guilty detectives and the persons who employ them could all be punished.

Chicago hoboes recently gave an elaborate banquet to inaugurate a movement for the uplifting of the American tramp. Here's a good suggestion for the Pittsburg millionaires.

Members of the inland waterways commission were surprised at the lack of traffic on the Mississippi river. Evidently they formed their judgment of river conditions by looking at pictures of the Thames river along the London water front. If they wish to know about the traffic on the river they should study the government engineers' reports. Traffic is computable, and the tons enrolled in a year's report indicate more of the true conditions, as far as business is concerned, than can be learned by a lot of men floating down the bosom of a river, over a mile wide, and counting the steamboats as they pass. Indeed, we surmise that Paducah could make a better showing from the water front than the towns the junketing party passed. It is well for them to study physical conditions at first hand, but the figures in the reports tell the story, and comparison with preceding years, show that the volume of business has increased enormously.

Now watch somebody get pinched in the wheat market.

JOE WALKER GETS FULMER'S PLACE

Popular Appointment to General Foremanship

Change of Col. Jack Flynn Necessitates Many Promotions of Men Well Known Here.

COL. T. E. HILL IS TO GO UP.

Mr. Joe Walker, general foreman of the Nashville division of the Illinois Central, has been promoted to the position of general foreman of the Paducah shops, and assumed charge this morning on his arrival from Princeton at 9:30 o'clock. The announcement was made by Master Mechanic R. E. Fulmer this morning, and is satisfactory to employees, Walker being extremely popular. The position has been vacant since the promotion of Master Mechanic R. E. Fulmer to his present position.

Mr. Walker learned his trade and grew up here in the shops. He rose from a machinist to gang foreman, and then round house foreman. When the Tennessee Central was taken in by the Illinois Central, increasing the mechanical work at Princeton, and necessitating a large force of workmen with a general foreman, Walker was given the position with supervision of all motive power between Nashville and Evansville, headquarters at Princeton. He will remove his family at once to Paducah.

At Princeton Mr. Walker's position will be filled by Mr. E. H. McCann, who has been round house foreman at Princeton. Mr. McCann worked here for some time, and is well known. There has been no appointment to Mr. McCann's present position.

T. E. Hill Promoted.

As the result of the resignation of Col. Jack Flynn as superintendent of the Yazoo & Mississippi Valley, a man, who was for years identified intimately with Paducah, is shoved into a superintendency. He is Mr. T. E. Hill, formerly in the construction department of the road, now roadmaster of the Tennessee division, and a director of the hospital association, attending every meeting held in Paducah.

Col. Jack Flynn will be succeeded by J. F. Porterfield, now superintendent of the Mississippi division with headquarters at McComb City. Mr. Porterfield is succeeded by Mr. Hill, but no appointment has been announced to the roadmaster position vacated by Mr. Hill.

Mr. Hill was in Paducah superintending the construction of the Cairo extension, and remained here for several years. He is well known, and a popular railroad man. He grew up from the section, and knows railroading from the ties on up. A man better fitted for the place could not have been picked.

Many Other Changes.

June 1st will bring many changes on southern lines of the Illinois Central as predicted over a month in The Sun. Officials hovered about the "south end" for several weeks, could gain bunches, and finally it leaked out that several valued employees were considering other positions. Chief among them was Col. Jack Flynn, superintendent of the Y. & M. V. road. His resignation was announced yesterday. Today came the announcement of the resignation of J. D. Nendofor, superintendent of the Mississippi division of the Illinois Central, headquarters at Water Valley. He has accepted a responsible position with a southern compress company, and no successor has been named. It is said that many other changes will be announced before the month is out.

Railroad Gossip.

Foreman J. H. Thorpe and his gang of painters next week will finish the work of painting the Illinois Central hospital. The painters will then go to Princeton to give the new passenger depot there its initial coat of paint.

Engine, No. 1,182, of the Cairo-Paducah accommodation train, attracted a great crowd of idlers at the passenger depot this morning as it pulled into the station. There was blood and flesh hanging to the pilot, and it appeared that some man had been struck. "Only a hog killed," was the reply to a query.

Mr. J. B. Alvey, chief dispatcher of the Tennessee division of the I. C., headquarters at Fulton, is in the city on business.

Mr. Dick Tolbert, special agent for the Illinois Central, has returned from the Jamestown exposition. He had an excellent time, but says the exposition is not complete. Mr.

Hugh Miller has been acting for him in his absence.

Mr. J. D. Aleman, a gang foreman in the Illinois Central shops, is ill of fever.

Mr. Charles McCarty, formerly a pipe fitter in the Illinois Central shops, arrived from Omaha, Neb., last night on a visit to relatives.

Mr. U. H. Clark, chief clerk to Master Mechanic R. E. Fulmer, returned from Chicago this morning.

A bulletin has been posted in all trainmen quarters on the Louisville division of the Illinois Central road cautioning train crews to cease the habit of taking water from barrels loaved on bridges to cool hot boxes. The barrels are kept filled with water to use in event the bridge catches fire.

MRS. COONEY

WILL BE BURIED IN OAK GROVE CEMETERY TODAY.

Body of Charles Sugars, Accompanied By His Parents, on Way to Paducah.

The funeral of Mrs. Mary Virginia Cooney, who died of apoplexy at 2:30 o'clock yesterday afternoon, will be held this afternoon at 4 o'clock, at Grace Episcopal church, the Rev. David C. Wright, officiating. The burial will be in Oak Grove cemetery. Mrs. Cooney was born in Metropolis, Ill., but came to Paducah when very young and has resided here ever since. She married the late William Cooney 36 years ago, and for a short time lived at Paris, Tenn., where her husband engaged in the mercantile business. Her surviving relatives are: Mr. Terrance Cooney, Mrs. J. A. Gardner and Mrs. Harry McElwee, children; Messrs. Clint Wilcox, of Mt. Vernon, Ind., and James Wilcox, Paducah, half brothers. The pallbearers for the funeral are Messrs. Alexander Kirkland, Muscoe Burnett, Lawrence Dallam, J. E. Baker, M. B. Nash and W. F. Bradshaw, Jr.

Charles Sugars' Funeral.

The body of Mr. Charles Sugars, who died Monday afternoon at North Branch, Mich., will reach Paducah at 8:30 o'clock this evening, accompanied by the parents, Mr. and Mrs. Samuel Sugars. It will come over the Illinois Central, and will be conveyed to the residence, 221 Harahan boulevard. The funeral will be conducted Friday afternoon at 2 o'clock at the residence, the Rev. W. H. Pinkerton officiating. The burial will be in Oak Grove cemetery.

The pall bearers will be Messrs. Harry Fisher, Charles Horton, Roscoe Puryear, Taylor Fisher, Leslie Thompson and M. Doid.

Mrs. Pearl's Funeral.

The funeral of Mrs. George Pearl, wife of the well known Illinois Central painter, who died yesterday of consumption, was held at 10 o'clock this morning at the residence, 824 North Ninth street. The burial was in Oak Grove cemetery.

MUSIC FESTIVAL

WILL BE BIG SOCIAL EVENT AS WELL AS ARTISTIC.

Those Who Will Occupy Boxes At League Park Grounds Tomorrow To Hear Band.

The preparations for the May Music Festival to be given at Wallace park Friday afternoon and night under the auspices of the Woman's club, are about complete and with the weather as ideal as it now is, there is every prospect for a record-breaking crowd. Seven of the twelve boxes have been taken as follows: Mr. and Mrs. James A. Rudy, Mrs. Elbridge Palmer, Mr. and Mrs. Robert Becker Phillips, Mr. and Mrs. John S. Biecker, Mr. and Mrs. J. C. Flournoy, Mr. and Mrs. Joseph L. Friedman, the Press. It is probable the remaining five will be sold before the festival opens.

The committee in charge of the festival request that all carriages and autos, especially the latter, be in the grounds before the performance begins, as they cannot enter after that except between the numbers. This is necessary on account of the noise they make.

Popular prices of 25 cents and 50 cents will prevail.

The program for afternoon and night is:

Part I.
(At 2:30 O'clock.)

1. Overture, Oberon Weber
2. (a.) Georgia sunset Brown

PEOPLE AND SOCIAL EVENTS

Johnson-Noles Nuptials.

The marriage of Miss Clyde Johnson to Mr. Oscar Noles took place last evening at 9 o'clock at the residence of Mr. Alex Venters, on Ohio street, the Rev. J. R. Henry, of the Kentucky Avenue Presbyterian church, officiating. Many friends of the couple were present. Mr. Noles is a well known barber, and his bride is bookkeeper at the Home Telephone company office. They will reside at 219 North Sixth street.

Fine Tapestry Work.

One of the chief treasures on exhibition in Rhodes-Barford art room is a life size reproduction by Mrs. D. W. Coons in tapestry of "The Woman on the Vase," a painting first exhibited at the Munich exposition in 1879. The scene is the house of a Roman patrician to whom a young sculptor carried a magnificent vase and slave traders carried a beautiful slave girl. The Roman was divided between the work of art and the girl, and the young sculptor overcame by the girl's embarrassment, gave the vase for the girl's liberty. The subject, which is most skillfully executed, is handled with marvellous accuracy by Mrs. D. W. Coons in the reproduction, and art lovers in the city have been admiring the work.

Musical at Lolomai Lodge.

Mrs. George Alexander Flournoy will entertain with an informal musical this evening at her home, "Lolomai Lodge," in honor of Mrs. John Arnold Bell, of Nashville, Mrs. Frank O. Watts, of Nashville, and Mrs. Maurice Joseph, of Cincinnati.

Carpe Diem Club.

The Carpe Diem club was most pleasantly entertained at cards last evening by Miss Camille Legeay at her home on the Cairo road. The first prize for the girls was won by Miss Audrey Taylor in a cut with Miss Hazel Ashoff. It was a pretty pin for the hair. Messrs. Gus Legeay and Joe Roth cut for the men's prize, a silver match box, and Mr. Legeay won. The lone hand prizes, a silver letter opener and hat brush, were captured by Miss Marie Roth and Mr. Paul Legeay. Delightful loaves and cakes were served after the game. The party went out in picnic wagons which added to the enjoyment of the occasion.

Old-Fashioned School Exhibition.

The ladies of the Kentucky Avenue Presbyterian church, by request will repeat their "Old-Fashioned School" exhibition tonight in the lecture room of the church. Those who will take part are: Misses Essie Blackhall, Dow, Della and Jennie Gilson, Dixie Eubanks, Gertrude and Katherine Hovenden, Ethel and Ruth Cremons, Minnie Clark, Mesdames James Koger, F. E. Lack, John Slaughter, Frank Adams, Carl Faust Palmer, J. R. Henry, Jeffereys, James, Miss Letha Puryear, Miss Minnie Nicholson, Messrs. HOT AIR TREATMENT

Has Proven Its Worth in the Treatment of All Diseases.

I am using, in connection with the Osteopathic treatment, the Dry Hot Air treatment, and the great successes achieved with it demonstrate its efficacy.

In one form or another heat has been employed in treatment of disease from the earliest times and in every part of the world, but its use has become more general in later years than ever before—simply because its application and uses have become better known.

We have a better understanding of the physiological laws upon which the treatment is based, and have greatly improved the mechanical apparatus employed until now it is one of the most useful means at our disposal for the treatment of disease.

The treatment is stimulating to the whole system, every organ and function, and when used with the Osteopathic treatment forms the most rational cure in all diseases.

Especially are the treatments indicated in all diseases incident to the season, spring, tired, worn out, and run down conditions, malaria, stomach, liver and bowels, and in asthma, rheumatic, and nervous conditions, headaches, lumbago and neuralgia.

I should be pleased to have you consult me at any time, and tell you just what Osteopathy will do in any specific case. It has done much for Paducah people you know well, to whom I shall gladly refer you, at any time.

Jim Crow Law Held Invalid. Montgomery, Ala., May 23.—By a decision of the city court, the "Jim Crow" law recently passed by the city council has been declared invalid. The ordinance requires that the street railway provide separate cars for the races, making it finable for one race to ride in the cars of the other. On attempt to enforce the law the entire system was tied up for most of a day, the crews being arrested as fast as they came out. The company finally secured an injunction, which has now been made permanent, the court holding that there is plenty of room in each car for the two races.

COMIC OPERA STAR

Has Won Heart of Susceptible Howard Gould.

New York, May 23.—It was rumored in police headquarters this evening that in the investigation being carried on to see just how far Howard Gould went in using central office detectives in his plot to ruin his wife it has been learned that Mrs. Gould's detectives have practically finished one of the sensational lines of investigation they have been on for some days. This is to the effect that a certain comic opera star of great prominence has been extremely friendly with Mr. Gould of late and that she has even had the use of his yacht. Her name it is now said will figure in the case within a short time.

OLD SORES FED AND KEPT OPEN BY IMPURITIES IN THE BLOOD

An old sore or ulcer is only a symptom, an outlet for the impurities and poisons which are circulating in the blood, and as long as this vital fluid remains in this impure and contaminated state the place will never heal. It may scab over and appear to be getting well, but a fresh outpouring of diseased matter from the blood starts it again, and thus it goes on, sometimes for years, continually growing worse, and slowly sapping away the strength and vitality of the sufferer.

There are many ways by which the blood may become contaminated and poisoned. A long spell of fever, or other sickness, breeds disease germs in the system, the failure of nature's eliminative members to remove the waste and refuse matter of the body, the excessive use of minerals in certain diseases, all infect the blood with morbid matter and germs, which sooner or later manifest their presence by a sore or ulcer which refuses to heal under the ordinary treatment of salves, washes, lotions, powders, etc. A boil, blister, pimple, burn or even a slight scratch, often develops into a festering or discharging ulcer if the system is run down or the blood depreciated from any cause.

Persons with an inherited blood taint are very apt to be afflicted with sores and ulcers. Being born with an unhealthy blood supply, the different parts of the body are never fully nourished, and when middle life is reached or passed and the vigor and strength of the system begins to weaken and wane, the tissues in some weak point break down and a chronic sore or ulcer is formed, and kept open by the constant drainage of impure matter from the blood. How aggravating and stubborn an old sore can be is best known by those who have nursed and treated one for years, applying salves, washes, powders, etc., with no good results. The place remains and continues to grow worse by eating deeper into the surrounding flesh, festering, discharging, sometimes throbbing with pain, and gradually undermining the constitution by its unhealthy action on the system.

It is a great mistake to expect to cure these places with external applications. True this treatment assists in keeping the parts clean, and are beneficial in this way, but do not reach the real trouble which is in the blood. The practice of cutting out the diseased parts and even scraping the bone beneath, is often resorted to, but these severe measures seldom do any permanent good. The sore may be removed, and for a time heal over, but the same poison that produced it the first time is still in the blood, because **The Blood Cannot Be Cut Away, and The Sore Will Return.**

The only treatment that can do any real good is a competent blood purifier—one that goes to the very bottom of the trouble and removes the cause, and for this purpose nothing has ever been found to equal S. S. S. It goes down into the circulation, drives out all poison and morbid matter, reduces the inflammation, and by sending pure, rich blood to the diseased parts, instead of feeding them with impurities, allows the sore to heal naturally and permanently. Not only does S. S. S. purify the blood of all poisons and germs, but builds it up from its weakened and impoverished state, making it strong and healthy and able to supply every part of the body with sufficient and proper nourishment to keep it in perfect health. If you have a sore that is slow in healing, do not depend upon external applications alone, nor experiment with unknown medicines, but begin the use of S. S. S., and by removing every vestige of the cause, cure the trouble permanently. Special book on Sores and Ulcers and any medical advice desired sent free to all who write.

WHAT WATERWAYS BOARD EXPECTS

Ascertains Relations Between Rivers and Transportation

Hopes to Control Floods by Forest Preservation and Improve All Conditions.

WORK THAT IS BEING DONE.

Washington, D. C., May 23.—Although the inland waterways commission created by the president has been in session but one week its investigation has developed facts of greatest importance to the people of the United States, not only from a health but also from an economic point of view.

Commissioner of Corporations Smith has reported to the commission that an inquiry made by the bureau of corporations into the relation of the waterways to transportation has established their subservience to railroad interests.

The commission is considering seriously the advisability of recommending co-operation between federal, state, and municipal governments in the matter of the clarification of waters. The work now is done chiefly by municipalities, which have built settling basins or reservoirs for clearing water for drinking and manufacturing purposes. It has been suggested that if these operations were conducted in a wholesale way the clarification might be effected more economically. Moreover, such a policy will insure a method of eliminating sediment, thus reducing the capacity of the rivers to erode their channels, cut their banks, build bars, and otherwise act destructively. The commission already is satisfied that clear water does not erode, and the question of river control involves the keeping of mud out and the prevention of bar building.

Hope to Control Floods.

The commission proposes to seek some method to control floods and also to prevent low water. This is of special importance to the lower Mississippi region. Forest preservation is essential to this end.

The commission also is gathering facts in regard to the power development through the use of water. It is apparent that by the use of streams

desired result. It will positively do these three things—clean out the stomach and bowels tone up the system generally, and bring back the snap to body and mind that now seem dull and worn out. Try it and see if you won't be as pleased as Mr. Hull, whose letter I quote below.

"I suffered a general breaking down of the system. Had no appetite, poor digestion and was constipated. I lost ambition and took no interest in anything. Nothing I could do seemed to give me relief until, upon a friend's advice I began to use Cooper's New Discovery. It helped me from the start. Now I am able to do as much work as the next one and I enjoy it. I have a hearty appetite and am stronger and better every way. Your New Discovery medicine is certainly the best tonic and system builder I have ever known." A. W. Hull, 142 Porter St., Detroit, Mich.

These are the famous medicines with which Mr. Cooper recently created such a stir in Chicago. His demonstrations there attracted wide attention. We are agents. W. B. McPherson.

sufficient power can be generated to furnish electric light and drive street railways, and thus would be caused a reduction in the price of fuel. The government jams now in existence permit the development of a million and a half horse power, and this is but a small fraction of the total available in the Mississippi and its tributaries. The commission also is investigating the questions of sewage control, land improvement, fisheries and irrigation.

The results of the commission's work will be to guide congress in making future appropriations for river and harbor improvements, irrigation, reforestation, etc., as well as to influence its action upon important questions of transportation.

It is expected that within a few months Commissioner of Corporations Smith will submit to the president a report regarding the effect of water transportation on railroad rates. The statement he made to the inland waterways commission shows that there is practically no competition between the railroads and the inland waterways or between the railroads and the coastwise steamship lines. Practically all the canals which are not state enterprises are owned by the railroads, and in the case of the rivers and lakes the railroads either own the river and lake lines or have a working arrangement with the companies that do.

Railroads Nullify Competition.

The railroads deliberately have set out to destroy water competition and they have succeeded. The railroads claim that the waterways are responsible for the low rates on long hauls, as compared with those charged on the short hauls. As a matter of fact, there is no foundation whatever for this claim, because of the control over water transportation the railroads exercise.

Congress up to this time has declined to give the interstate commerce commission authority over the water carriers except in connection with the establishment of through routes and joint rates, and the last railroad rate law specifically stated that its provisions should apply to carriers partly by railroad and partly by water only when both were used under common control, management, or arrangement. The commission has no authority over the water carriers lacking railroad connections.

The country is awakening to the importance of forest preservation, particularly at the headwaters of streams. Investigation over a long period of years has shown the vital influence of forests in controlling the flow of streams through the conservation and direction of rainfall. There are great stretches of denuded mountain lands which once grew forests which are better adapted to the growth of trees than for anything else.

Forest Grazing to Stop.

It is intended by the government to reforestate this territory and as a step in that direction unrestricted grazing on mountain lands hereafter will be stopped. It is estimated that in the national forests more than 1,500,000 cattle and horses and 7,000,000 of sheep are provided with grazing. When these animals were allowed to run loose they destroyed the protective covering of land, pulverized the surface of the ground, and almost entirely changed the character of the streams. The water which flowed down the slopes upon which overgrazing had been permitted carried large quantities of loose agricultural purposes and would afford a source of danger to navigation and to lands along the shore

reaches, thus destroying the usefulness of streams for navigation or power.

Reclaiming Arid Lands.

"In the far west streams flowing into the interior basin and tributary to the Sacramento, and other rivers entering the Pacific, have been studied, and structures have been planned for restraining the flood waters of many of them. The works which have already been outlined in this connection, and which are well underway, will involve expenditure of \$40,000,000 up to the calendar year of 1909.

"In the Mississippi valley are many millions of acres of lands which in their present state are practically worthless, but which reclaimed by a comprehensive system of drainage, would become of immense value for agricultural purposes and would afford a source of danger to navigation and to lands along the shore

ble area of swamp lands is known to be greater than areas which will be reclaimed by irrigation. The cost of reclaiming overflowed lands would not prove an excessive burden upon land owners."

Work Is Badly Scattered.

The result of the commission's investigation which has not escaped far seeing observers is the possibility that it will result in action by the president and congress looking to co-operation between the different bureaus of the government charged with duties connected with the waterways problem. The reclamation service now is under the interior department. The bureau of soils, which is a part of the agricultural department, furnishes expert information on the injury which follows the washing away of the best soils of the country and their deposit in streams to become a source of danger to navigation and to lands along the shore

through the increasing intensity of floods.

The bureau of forestry, which has charge of the preservation of forests and its effect upon waterflow, also is under the agricultural department. The army engineers make the river and harbor improvements and report upon their work to the secretary of war. The bureau of corporations, under the department of commerce and labor, supplies information as to legal conditions governing ownership and control of waters and adjacent properties.

Heretofore there has been no communication between the branches of the government named in regard to the waterways problem, but it is apparent already that the inland waterways commission in its report will insist upon their close co-operation in future.

A MAKER OF HISTORY

(Continued from Yesterday.)

Duncombe for many reasons was fascinated by his friend's quiet words. Apart from their obvious plausibility, they brought with them many startling suggestions. Had chance, he wondered, really made Phyllis Poynton and her brother pawns in the great game? He felt himself stirred to a rare emotion by the flood of possibilities which swept in suddenly upon him. Lord Runtun noted with surprise the signs of growing excitement in his listener.

"Go on, Runtun. Anything else?"

Lord Runtun helped himself to a cigarette and leaned across to light it.

"Of course," he continued, "I know that there are a great many people who firmly believe that for commercial reasons Germany would never seek a quarrel with us. I will agree with them so far as to say that I do not believe that a war with England would be popular among the bourgeois of Germany. On the other hand, they would be quite powerless to prevent it. The emperor and his advisers have the affair in their own hands. A slight break in our diplomatic relations, some trifling seizure of land by the press and magnified at once into an insult, and the war torch is kindled. Today war does not come about by the slowly growing desire of nations. The threads of fate are in the hands of a few diplomatists at Berlin and London—a turn of the wrist, and there is tension which a breath can turn either way. You ask me why the emperor should choose England for attack. There are many reasons. First, because England alone could repay him for the struggle. Secondly, because he is intensely and miserably jealous of his own king, who has avoided all his own hot headed errors and has yet played a great and individual part in the world's affairs. Thirdly, because England is most easily attacked. I could give you other reasons if you wanted them."

"Quite enough," Duncombe answered. "What do you suppose would be the 'casus belli'?"

"The progress of the Russian fleet through English waters," Lord Runtun answered promptly. "Russia's interest in such a misunderstanding would be, of course, immense. She has only to fire on an English ship, by mistake, of course, and the whole fat would be in the fire. England probably would insist upon the squadron being detained. Germany would protest against any such action. We might very well be at war with Russia and Germany within ten days. Russia would immediately either make terms with Japan or abandon any active operations in Manchuria and move upon India. Germany would come for us."

"Is this all purely imagination?"

Duncombe asked, "or have you anything to go on?"

"So far as I am concerned," Lord Runtun said slowly, "I, of course, know nothing, but I have a strong idea that the government has at least a suspicion of some secret understanding between Russia and Germany. Their preparations seem almost to suggest it. Of course, we outsiders can only guess, after all, at what is going on, but it seems to me that there is a chance today for our government to achieve a diplomatic coup."

"In what direction?"

"An alliance with France. Mind, I am afraid that there are insurmountable obstacles, but if it were possible it would be checkedmate to our friend the emperor, and he would have nothing left but to climb down. The trouble is that in the absence of any definite proof of an understanding between Russia and Germany, France could not break away from her alliance with the former. Our present arrangement would insure, I believe, a benevolent neutrality, but an alliance, if only it could be compassed, would be the greatest diplomatic triumph of our days. Hello! Visitors at this hour! Wasn't that your front door bell, Duncombe?"

"It sounded like it," Duncombe answered. "Perhaps it is your man."

"Like his cheek, if it is," Lord Runtun answered, rising to his feet and strolling toward the sideboard. "I told him I would telephone round to the stables when I was ready. I suppose it is rather late though. I shan't apologize for keeping you up."

"I hope you won't," Duncombe answered. "I have never been more interested in my life—for many reasons. Don't bother about your man. Groves will see to him."

There was a knock at the door, and he butler appeared.

"There are three gentlemen outside, sir, who wish to see you," he announced to Duncombe. "They will not give their names, but they say that their business is important or they would not have troubled you so late."

Duncombe glanced at the clock. It was past midnight.

"Three gentlemen," he repeated, "at this time of night! But where on earth are they come from, Groves?"

"They did not say, sir," the man answered. "One of them I should judge to be a foreigner. They have a motor car outside."

Lord Runtun held out his hand. "Well, it's time I was off, anyhow," he remarked. "Come over and have lunch tomorrow. Don't bother about me. I'll stroll round to the stables and start from there. Good night."

Duncombe hesitated. He was on the point of asking his friend to stay, but

before he could make up his mind Runtun had lit a cigarette and strolled away.

"You can show the gentlemen in here, Groves," Duncombe said.

"Very good, sir."

The man disappeared. Duncombe, after a moment's hesitation, crossed the room and, opening an oak cupboard, slipped a small revolver into his pocket.

CHAUTAUQUA

WILL BE THOROUGHLY ADVERTISED THIS YEAR.

Excellent Railroad Rates Have Been Secured and Men Will Be Sent To All Towns Nearby.

Next week the advertising committees will start men on the road with 20,000 program of Paducah Chautauqua to be held June 11-25, and will have them visit every town within a radius of 100 miles of Paducah. Special rates have been secured from the railroads of one fare plus 25 cents, from all points within a radius of 100 miles. This is the best rate ever secured for such an attraction and is for the entire week, not just a few days.

Streamers will be placed on steamboats, going in every direction, advertising the Chautauqua, and every successful method of advertising will be adopted.

The building is going up rapidly. It will cost between \$1,500 and \$2,000 and will seat fully 3,000 people. Last year a tent proved unsatisfactory because it blew down twice. To assure perfect safety the association has gone to the expense of erecting a substantial building.

For the CHAFING DISH Denatured Alcohol

We take pleasure in announcing that we now have Denatured Alcohol for our trade. It is to be used for burning purposes only, as nearly every one now knows, but for use in the arts and mechanics it is the most economical and satisfactory fuel known.

Cheaper than wood alcohol, it also burns without any of its offensive odor. Next time try it in your chafing dish or alcohol heater; it will be a revelation to you. Be sure to phone WINSTEAD'S, for no other Paducah druggist handles it.

Dupont Imported Tooth Brushes 35 Cents

We have just received a large import shipment of the famed Dupont Tooth Brushes, and we are making a special price of 35c of them, though they usually sell for 50c. This price is no higher than that of any other first-class brush, and you will find that a Dupont will outwear any two other brushes you have ever used. They are absolutely guaranteed against bristles falling out and their peculiar tufted surface enables them to cleanse every crevice. A Dupont brush will delight you—no doubt of that.

BAPTISTS CLOSE

NATIONAL SOCIETIES WILL MEET IN WEST NEXT YEAR.

Washington, May 23.—The meetings of the National Baptist societies, which have been in progress in this city for the last week ended today. The last day was devoted to the Home Missionary society, which elected the following officers:

President, E. H. Haskell, Massachusetts; vice presidents, Fred A. Wells, Illinois; D. K. Edwards, California. Treasurer, Frank T. Moulton, New York; auditors, Edgar L. Marston, New York; L. F. Requa, New York; corresponding secretary, Henry L. Morehouse, New York; recording secretary, Rev. C. D. Case, New York.

The resolutions previously adopted by the other societies that the organizations hold their next annual meeting either in Oklahoma City, Okla., or Portland, Oregon, as is decided later by the executive committee, was adopted without discussion.

NEWS OF KENTUCKY

Murray Has Ownership.

Murray, Ky., May 23.—The city of Murray has bought the entire plant of the Murray Electric company, including grounds, buildings, power, well, etc., and will have the same operated for the city. The price to be paid is \$8,000 cash.

Local Option Election Is Held Valid.

Frankfort, Ky., May 23.—The court of appeals affirmed the Breckinridge circuit court in DeHaven vs. Bowmer. The action involved the validity of the local option election in Magisterial district No. 2, embracing part of the city of Cloverport. The court holds that failure to hold special registration invalidates the election.

Dr. Sarah Murphy Goes Free.

Louisville, May 23.—On peremptory instructions of Judge Kirby, Dr. Sarah Murphy, was acquitted for the second time of a charge of homicide in performing a criminal operation. She was charged with producing the death of Kate Bryant, of Larue county, who died in the doctor's office and whom an operation had been performed. Although the state's principal witness was mysteriously missing, the court compelled the prosecution to proceed, excluded much circumstantial evidence and then instructed the jury to find a verdict of acquittal.

Threatening Letters.

Princeton, Ky., May 23.—Short and Pettus, the former a white man, and the latter a negro, were given their examining trial in the county court and held over to the grand jury to answer to the charge of scraping plant beds. Short acknowledged he had been guilty of the acts charged, but said he had been hired to do the work, and that Pettus had nothing to do with it.

Three of the most prominent independent farmers in this section, Fred Harned, Edgar Crenshaw and George Crabtree, received warnings this morning that unless they joined the association at once they would not be allowed to raise any more tobacco. As the warnings were sent through the mails, federal officials will be asked to take the matter up.

MILLION DOLLAR FRAUD UNEARTHED

Standard Title and Trust Company Receiver.

Men Promised All Kinds of Lucrative Positions to Subscribe for Stock.

THOUSANDS ARE OBTAINED.

Philadelphia, Pa., May 23.—Two receivers were appointed for the Standard Title and Trust company of 713 Chestnut street.

The court decided upon complaint of stockholders who declare that they were defrauded. It is said criminal prosecution will follow.

It is said that more than \$1,000,000 has been obtained from the sale of stock in Chicago, Philadelphia, New York, and in small towns east and west. Chicago alone yielded \$150,000, New York \$250,000, and Philadelphia \$100,000.

There has been a mystery about the Standard Title and Trust company for weeks. Its officers are all out of town men.

The concern made its debut on February 6 when the city was flooded with circulars stating:

"We have purchased the exclusive banking house at 713 Chestnut street and have a capital and surplus of \$1,500,000, of which \$1,200,000 is paid in. The par value of stock is \$25, and it has been sold to subscribers at \$75."

May 1 passed, and there was still no company in evidence, the owner of the building began to get anxious. There was then \$7,100 due in rent.

Stockholders Allege Fraud.

Finally the uncertainty grew to such an extent that today's action was taken. Attorneys Furth and Singer, representing Lawrence W. Pause, a stockholder, and James C. Kirk, one of the directors, went before Judge Agill, in common pleas court No. 1, and filed affidavits that their subscriptions to stock of the concern was obtained "by false and fraudulent representation made by the concern last February that it had \$500,000 capital and \$1,000,000 of assets, whereas it does not have, and has not today, assets exceeding \$50,000."

It was discovered that one of the methods of the concern to secure money was to offer men in responsible positions excellent offices in the company if they subscribed to the stock.

One cashier in a Bluefield (W. Va.) national bank gave up a lucrative position and subscribed for \$5,500 of the stock in the company. This man

was notified to come to this city. He is still here, but has been unable to find any one at the bank excepting the janitor and the state banking commissioners' deputies. Another clerk in a Camden (N. J.) trust company mortgaged his house to buy stock conditional upon securing a good position. There are said to be many such instances.

North Third Street
JUST OFF BROADWAYLincoln's Reap Hook in Possession
of Man Well Known in Paducah

The following story from the Louisville Times is of especial interest in Paducah because the possessor of Lincoln's reap hook, John D. Price, is the brother of Mrs. R. A. Burch, 1111 Monroe street, and uncle of Engineer W. O. Burch.

John D. Price, a workman at the L. & N. shops and a former resident of Larue county, has in his possession an old reap hook which formerly belonged to Tom Lincoln, father of President Abraham Lincoln, and was used by Abe when a boy to cut weeds about the place.

The reap hook is old and shows the effect of several generations' use. The reap hook was sold by Mr. Price's uncle, Austin Gallagher, to his father, Charles F. Price, before the civil war. John D. Price in telling the story said: "After the war was over, Uncle Austin was at my father's home one day and said 'Charles, have you still got that reap hook that I sold you several years ago?' My father told him he still had it and Uncle Austin continued: 'Well, I would like to buy it back from you. That reap hook was Tom Lincoln's, and me and Abe cut many a weed with it on Knob creek, when Abe lived there.'"

"My father said, 'Well, Austin, I will see about it.' Uncle Austin continued: 'If I had ever thought that Abe would have been president of the United States, I would not have sold it.' However, my father kept the hook and after his death, I bought all the farm implements, including the reap hook."

Once Saved Lincoln's Life. Price says he can secure other wit-

nesses who will testify that they had heard Austin Gallagher tell of the old reap hook. Gallagher died a few years ago. He was a familiar character in Larue county and frequently told the story of how he saved Lincoln's life when the two were boys. According to his story, they wanted to get across a swollen creek to kill partridges. They had to "coon" a log to cross. Lincoln became dizzy and he fell into the creek. Neither boy could swim. Young Gallagher reached a long stick to his companion and pulled him ashore.

Only Told After His Death. Gallagher said they agreed not to tell anybody of the accident lest their mothers would fog them for getting in the creek. He said he kept his promise until after Lincoln was killed.

After Lincoln was elected president and when some prominent Kentuckians were calling to see him, he asked about his old friend Gallagher, which pleased the old man immensely when it was repeated to him.

A merchant would not think a woman very wise if she purchased a yard less silk for a gown than she needed—even if it were very fine silk. Nor is the merchant wise to purchase a column less advertising space than he needs, even if it is very fine advertising space—and costly.

"Do you favor any particular school of music?" asked the lady. "Yes, indeed," replied the young man who lives in a flat. "I favor the pianissimo school."—Puck.

EVERY SUNDAY

BASEBALL WILL BE PLAYED IN PADUCAH IF POSSIBLE.

Manager Hollan Is Corresponding With Out of Town Teams in Regard to Home Dates.

Manager John Hollan, of the Paducah baseball club, has wired to Cairo to secure a game for Sunday with the "Pabsts," and has also written to Eddyville to get one of the two teams if possible to come here. Hollan intends to have a game here every Sunday and will not take to the road with his team more than once each month, in order to give Paducah fans plenty of good baseball.

Hollan has written to several other towns and will negotiate with Murray, Benton, Clinton, Mayfield, Fulton, Hickman and Mound City, Herlin, Marion, Metropolis, Ill., and other towns nearby.

Following is a list of the players from which Hollan will select his team: Arnold, Hart, Brahe, pitchers; Hessian, Robertson, Cooper, Murray, Davis, infielders; Bergdoll, Plumlee, Noonan, Luttrell, outfielders, and Hays and Block, catchers.

RETAIL GROCERS WILL MEET TOMORROW NIGHT

The retail grocers of Paducah will meet tomorrow night at the W. O. W. hall, over the Star laundry, for the purpose of organizing an association to handle a number of questions affecting the trade, the relations with the jobbers, and the opening and closing hours for the stores.

Paducah Detectives Return to the
Gentry Bros'. Show \$3,000 Dog

After being lost three years a fine imported collie dog, said to be valued at \$3,000, was restored to the Gentry Brothers dog and pony show at Mayfield last night by Detective Will Baker, and both Detectives Baker and T. J. Moore received a nice reward for their work. The dog was recovered from a farm near Paducah, and was "spotted" through the work of a negro sent ahead of the shows nine months ago. The negro remained here until the shows arrived, having spotted one of the dog's puppies. This led to the detection of the farmer holding the canine, and no expense was spared to secure its return. The Gentrys declared they would "spend the circus" to secure the dog.

Detective Moore tells the story as follows: "Three years ago when Gentry Bros. were here they brought with them a fine imported collie dog for which they paid \$3,000. They were to use her especially for breeding purposes. They bred her to a fine dog in upper Kentucky, and at Paducah started to ship her home. It was hot, and they tied the dog under the Standard Oil company's platform at Tenth and Monroe

streets, not desiring to place her in a car until evening. A well known Paducahan, a lover of dogs, received a tip from a circus hand that he could "slip" the dog away. He paid ten cents for the information. The Gentrys could not find the dog and went to a great deal of expense in tracing her down. I went to a Paducah man and asked him where he got a certain pup. It was a second litter pup, and he readily informed me. I then learned from the mother's owner that a well known Paducah relative had given him the dog, being unable to keep him at home. The Paducah man had spirited the dog from under the platform and readily admitted it."

Life's riches are in the fine dust of daily kindnesses rather than in the great nuggets of public charity.

PHILIPPINE CONDITION
— EXCELLENT, SAY OFFICERS.

Washington, May 23.—The suggestion that Secretary Taft will not find conditions in the Philippines improving, or favorable to results expected from the establishment of the legislative assembly for the island, finds no support among officials of the war department who keep advised regarding Philippine affairs. On the contrary, these officials believe that the elections to be held in the islands on July 30 will demonstrate that the time is ripe for the legislative assembly and that such an assembly, well organized, will be productive of good

TAKE ADVANTAGE OF THESE FRIDAY SALES

These sales have been successful far beyond our own expectations—so much so that it was necessary for us to divide them into sections, turning Friday entirely over to the main floor, giving the second floor to Thursday. We use these days to move all broken lots—to introduce new goods; to share with you the profits we gain by buying in large quantities and direct from the manufacturers. We often take staple goods and cut the prices just to make things interesting to you; such as we have done for tomorrow, and we are sure if you are not acquainted with our Friday sales, if you will come tomorrow you will be well pleased. Below we mention 20 specials for tomorrow and there are lots more waiting for you. Read them carefully.
